

Epoxy Floor Coating

Our new Epoxy Replacement Coating is for industrial and commercial use.

We have developed a water-based, self-sealing, quick drying coating for industrial, and commercial application. It is much easier to apply, has no odour, and is available in a number of different colours.

Epoxy Floor Coating:

1. Impact resistant
2. Chemical resistance
3. High adhesion properties
4. Excellent abrasion resistance
5. Excellent flexibility
6. Single component
7. Stable in sunlight and florescent
